

KEY CLUB®

International Major Emphasis Initiative

Our 2008-2011 Major Emphasis Initiative is LIVE 2 LEARN. The major focus of LIVE 2 LEARN are helping five to nine year old children overcome difficulties. Allowing them to succeed and give back to their community.

Key Club members are providing service to children in three areas:

- 1] **Improving grades:** Mentoring, tutoring, and developing reading improvement programs are going to be offered to these youth.
- 2] **Giving back:** Key Clubbers will work with primary schools to organize service projects that young students can participate in.
- 3] **Growing together:** Motivating imagination and learning through creative crafts and drama.

All entries will receive a ribbon and certificate. The top 3 will be awarded ribbons.

KEY CLUB®
