The Kiwanis Family

Hello again, my name is Rebecca Robinson. As you may know I'm your lieutenant governor of division 2. This month is an overview of the Kiwanis Family as well as a list of easy service projects you can complete over the summer.

The Kiwanis Family was founded in 1915 in America. Kiwanis' mission is to empower communities to improve the world by making lasting differences in the lives of children. The Kiwanis Vision is to project a positive image in communities worldwide; so that one day, all children will wake up in communities that believe in them, nurture them, and provide the support they need to survive.

The Six Objects of Kiwanis

- 1) To give primacy to the human and spiritual rather than to the material values of life.
- 2) To encourage the daily living of the Golden Rule in all human relationships.
- 3) To promote the adoption and the application of higher social, business and professional standards.
- 4) To develop, by precept and example, a more intelligent, aggressive and serviceable citizenship.
- 5) To provide, through Kiwanis clubs, a practical means to form enduring friendships, render altruistic service and build better communities.
- 6) To cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism and good will

For projects that can be performed over the summer, it is completely up to you and your club, as well as what is in your area. These are just suggestions and do not have to all be carried out but it is strongly recommended to complete tasks over the summer.

- BBQ
- Park Clean-up
- Highway Clean-up
- Car Wash
- Help Seniors
- Cut Grass
- Help at Church Brunch
- Cook Meal at the Ronald McDonald house for Families

KEY CLUB®

Other Important information

We will be having our board training later in August. The date is not yet set in stone but we will be hosting the event in London. This is a mandatory event for all board members in your clubs and we will be looking for ways to make the event more fun so I am completely open to your suggestions.

I encourage you all to team up for summer projects in our division to help accomplish more in our area and look forward to hearing your ideas.

Are you guys excited for international Convention (ICON)? Sadly, I won't be attending this year due to the fact that my passport has expired but I encourage you all to take pictures of the event and I would love to see them online.
