# KEY CLUB SCHOLARSHIP LUNCHEON

Each year, the Kiwanis Club of Casa Loma generously hosts the Key Club Scholarship Luncheon, an event which celebrates high achieving Key Clubbers from across Division 5 who are graduating and going to university in the fall. Each recipient, (all lined up in the picture on the right with photo creds to Kiwanian Donald Kibblewhite) one by one received a scholarship, and a speech about their achievements was presented by their faculty advisor or a fellow Kiwanian. Grade 11's look out for this opportunity next year! In the picture to the bottom right is featured this past year's Division 5 Lieutenant Governor Samantha Ling, and also Yong Da Li, this year's District Governor.

## THE GREEN HEART INITIATIVE

This past month, Division 5's York Memorial Club created their Green Heart Initiative to spread awareness about mental health. The campaign involved writing out positive quotes on green hearts and sticking them onto lockers all over the school for students to be surprised with. Way to spread positivity York Memorial!

# FUNDRAISING IDEAS

As next year's District Convention (DCON 2018) will be held in Division 11/12's beautiful coast of Halifax, Nova Scotia, fundraising for transportation and accommodations will be essential because of the long distance separating Division 5 and 11/12! Despite the summer giving us all a short break from school (and thus key club), its never too early to start thinking of fundraising projects. I've listed some projects below which I think are the most feasible, with a link to a full pdf of ideas at the bottom.

P.S. yours truly, the LG of division 5 is planning some division wide fundraisers so stay tuned for those as well!

- Barbecue Dinner - buy the food on wholesale, and simply sell tickets to key clubbers, kiwanians, friends, and family to celebrate the summer!
- Donuts - At my own school, clubs often get into contact with Krispy Kreme, who will sell their donuts in packs at a lower price for these clubs to then sell for a profit. Who doesn't love a bit of Krispy Kreme?
- Garage Sales - ah the good old garage sale! Doesn't the saying go "your junk is somebody else's treasure"?

P.S. Did you know that all sessions from Key Club ICON will be streamed on Key Club's Youtube Feed? Make sure to check it out!
